

# Killington Sports Car Club's Okemo 2017

The Killington Sports Car Club is proud to present Okemo 2017  
**June 16–18, 2017**

This event is a time trial on the Okemo Mountain Road, on premises graciously provided by the State of Vermont, the Okemo Mountain resort, and the Town of Ludlow, VT.

The hillclimb will run according to the 2017 New England Hillclimb Series Regulations, Classifications, and Technical and Safety Requirements, as interpreted by the chairpersons. We must also comply with the terms of the Club's Special Use Permit from the state, State Park Stipulations for Time Trials, and our agreements with Okemo and the Town of Ludlow. Speedway Safety provides our professional rescue service. The Ludlow Police Department directs traffic control for the weekend.

**NOTE: mandatory ROOKIE instruction** - if you have not run THIS HILL before, you must attend rookie instruction on Friday evening. See the Schedule for details. You will not need your car for this instruction session.

Roy Spaulding and Paul Malko will be your co-chairs. Entries may be mailed to the Registrar: Michele Baumann, 48 Powerhouse Road, Moodus, CT 06469. Checks should be made payable to KSCC.

All workers get a close-up view unrivalled in motorsport, plus lunch and "liquid refreshments" at the close of the hill. Remember, the more workers you bring, the smoother things go and the more runs you get (hint, hint)

The field is limited to the first 55 paid entries. One entry is required for each driver. If a driver has more than one car to run, then each car needs an entry.

At this event, our goal is to use the time allotted to us by the state permit (8 AM to 5PM) to the maximum extent possible, and minimize waiting time. Our schedule to achieve this includes **earlier** scheduling of Workers and Drivers meetings, and a shorter lunch turnaround.

**This is a muffled event, 96 dbA or less at 50 feet is considered muffled!**

Each car and equipment must pass Technical Inspection before being allowed running in this event. Each driver must attend a drivers meeting each day before they are allowed to make familiarization, practice, and competition runs.

Although we hope for a fine summer day, Hillclimbs are run in all kinds of weather. Consideration will be given to worker safety, visibility, road condition and communications.

**Note: Fluid spills are the responsibility of those who spill it.** This includes cleanup and disposal, off premises. Each car must carry a large, heavy duty, trash bag. (This will be checked at tech inspection.) Oil absorbing materials are at the top and bottom of the hill.

And what is our reward for footin' the bill as drivers? An absolutely beautiful road, to be driven at glorious speed, in the wildest car you can get here, with your friends (please bring some, workers are always needed) to watch the turns. The camaraderie and competition are just icing on the cake...

The Killington Sports Car Club is a member of the New England Council of Sports Car Clubs. Our member clubs sanction the events that make up the New England Hillclimb Series, and jointly comprise the New England Hillclimb Association.

## LOCAL ACCOMMODATIONS

Okemo Mountain Resort Lodging  
1-800-786-5366 (option #1)

Several rooms/condos are available (many within walking distance to the pit) with 1-4 bedrooms each. Prices range from \$180/night for a 1 bedroom to \$384/night for a 4 bedroom. When you call be certain to tell them that you are associated with the NEHA hillclimb event and you will receive a discount.

Except for RV's, camping (and fires) are not permitted in the pit area.

Other Facilities:

Timber Inn: 802-228-8666 (timberinnmotel.com) Just south of Ludlow on Rt. 103. Rooms are air conditioned and have 2 beds each. **Starting prices are \$129 but mention NEHA for a nice discount**

Happy Trails Motel 802-228-8888  
Colonial Motel/Best Western 802-228-8188  
Cavendish Pointe Hotel 802-228-7688  
All Seasons Inn 802-228-8100

## KILLINGTON SPORTS CAR CLUB'S 2017 Okemo Mountain Hillclimb

This hillclimb is a time-trial held on the challenging access road up Okemo Mountain.  
The paved surface is approximately 2.7 miles long with 30+ corners.  
The event will be held under the rules of the New England Hillclimb Association (NEHA).
